- Locally owned & operated

Mark D. Johns
 President/CEO

keeping your dollars in our community

- Systems guaranteed for life (blower fans for 5 years)

Did you know Kalamazoo and the surrounding counties within 30 miles are located in the E.P.A. Zone 1 section of the United States, indicating the probability of having elevated levels of radon in your home?

Did you know almost 35% of new construction "passive" radon systems do not lower the radon concentration level in your home below the E.P.A. action level of 4.0 and builders are not required to test the home prior to occupancy, **you are**. If you want to know if the air you and your family breath is cancer free **call us today!**
